EDUCATION

Lebanese International University, Tyre, Lebanon — *Bachelor of Computer Science*

SEPTEMBER 2019 - JULY 2021

- Graduated from LIU with GPA 3.81
- Transferred from University of Michigan

University of Michigan, Dearborn, Michigan — *Bachelor of Software engineering (GPA 3.4)*

SEPTEMBER 2017 - JULY 2019

EXPERIENCE & TRAINING

SE Factory, Beirut, Lebanon — *Cycle #15 Graduate*

AUGUST 2021 - NOVEMBER 2021

Intensive full stack web development program covering cloud architecture, frontend and backend development, source control, web application security, in addition to soft skills, over 12 weeks of lectures, workshops, and projects.

Hollingsworth Logistics, Dearborn MI — *Warehouse Manager*

JUNE 2017 - MAY 2019

- Oversaw picking, storage, sorting, and counting operations
- Created Work orders, while supervising cycle counts
- Added inventory records using SAP Systems

PROJECTS

D-Bank — *Decentralised Staking App*

Developed a decentralized bank running on the ethereum network that rewards stakers with tokens, utilizing smart contracts and the blockchain to facilitate transactions.

- Frontend: web3.js, React, and Metamask
- Backend: Solidity, Ganache, Mocha, and Chai

Leb Tours — *List and find tours in Lebanon*

Created a platform using nodejs, mongoDb, and express to manage tours in Lebanon. The website consists of three main user types: buyer, seller and admin, where buyers can purchase tours posted by the sellers and approved by the admin.

PROFILE

Throughout my years in learning development and implementing my skills in the real world, I've never given up on an opportunity to test my capabilities and push them to the next level. It is this unrelenting persistence that keeps me focused on my professional objectives.

TECHNICAL SKILLS

Programming Languages // C, C++, C#, Python, Java, PHP, JavaScript, SQL, Solidity, jQuery
